

### Directions

1. Complete the handout by yourself. Then, follow your teacher's directions to get into two circles.
2. Ask the person facing you one question from the handout. If his or her answer is the same as yours, put an "X" in the box. If the answer is different, do nothing.
3. When the teacher signals, if you are in the outside circle, move toward the right to the next person, ask any one question that does not have an X, and repeat.
4. When you get three Xs in a row (vertically, horizontally, or diagonally), shout "The same!"
5. As time allows, continue until you have Xs for all the questions.

What is your favorite food?	How many siblings do you have?	Do you speak another language?
Where were you born?	Do you have any pets?	What is your favorite sport?
What is your favorite hobby?	Do you play a musical instrument?	Are you from a different state or country?
